CONGRATULATIONS JAYCEES

THE LEDGER & TIMES offers its congratulations to the
Murray Junior Chamber of Commerce and to the Hazel
Junior Chamber of Commerce as this National Junior Cham-
ber of Commerce Week is being observed all over America.

The JayCees is composed of young men who have accept-
ed positions of responsibility in the community and who are
not afraid to tackle projects no matter what others might
prophesy as to the possibility of success.

The local JayCees have injected their enthusiasm and
energy into the community life with benefits to all who live in
the community.

One of the leading goals of the JayCee organization is to
develop leadership. This development is achieved by placing
JayCees in responsible positions such as the chairman of a
project. This brings about a two-fold benefit. One, the JayCee
learns how to take the lead and utilize his initiative and en-
ergy in a constructive manner, and two, the community in
which the club is located, benefits from the project.

The Murray-Calloway County Fair is one of the projects
undertaken by local JayCees and it is a growing success each
year. Almost every year another permanent structure is add-
ed to the fairgrounds to make it even more attractive and
desirable.

A front page story in today's Ledger & Times lists the
projects undertaken this year by the Murray JayCees. The
projects are designed to uplift the community, and the under-
privileged, improve the safety in the community, help to
develop the youth of the community, and in general to make
Murray and Calloway County a better place in which to live.

The JayCees are doing what many thinking people wish
for all youth, that is, to channel their energy, talent and
initiative into constructive projects.

We congratulate the two Junior Chamber of Commerce
clubs in Calloway County and wish for them every success in
their current and future projects.

A Bible Thought For Today

Ten Years Ago Today

LEDGER & TIMES FILE

Economic dreams of 20 years ago have become a reality
in Murray. Families that were once in the \$2,500 income class
have graduated to the \$4,000 or over bracket. Those that once
had \$4,000 a year are in the plus \$6,000 category, according
to the 1955 Consumer Markets annual.

Rev. Orval H. Austin, pastor of the College Presbyterian
Church, is the author of a new book, "Come As You Are", re-
leased by Abingdon Press.

Mr. and Mrs. Paul M. Webb of Orinda, Tenn., announce
the engagement of their daughter, Mary Elmer, to Charles D.
Outland, son of Rev. and Mrs. Alonzo Outland of Murray.

W. P. Roberts of the Murray Nursery and Florist today
warned residents that there is a severe winter drought now
in progress. Mr. Roberts said that many shrubs will die unless
residents take steps to protect their shrubbery.

It takes a little time but Jaycee Re-
cognition Days is made as painless
and fully appreciative the advan-
tages and opportunities of our
community. But any day, you'll
recognize the value of the fine
homes in our city. They're an
important reason why this city is
truly "a good place to live."

The Almanac

by United Press International

Today is Tuesday, Jan. 18, the
18th day of 1966 with 347 to follow.

The moon is between last quar-
ter and new phase.

No morning star.

The evening stars are Jupiter,
Venus, Saturn and Mars.

Those born today are under the
sign of Capricorn. American or-
ator Daniel Webster was born on
this day in 1782.

On this day in history:
In 1788, the first English settle-
ment was made in Australia.

In 1919, the Versailles peace con-
ference was formally opened.

In 1943, Moscow announced that
the German siege of Leningrad
had been lifted. It had lasted since
the fall of 1941.

In 1955, movie star and singer
Jeanette MacDonald was buried in
Hollywood.

A thought for the day — Daniel
Webster: "God grants liberty only
to those who live it, and are al-
ways ready to guard and defend it."

Business Highlights

WASHINGTON (AP) — The ac-
celerated withholding tax on personal
income proposed by President John-
son would affect mainly families
with incomes of \$10,000 or more, a
tax-examination study.

Some experts believe the accel-
erated would check spending for
luxuries.

HOUSTON — Pan American Sul-
phur Co. announced it would re-
consider its proposed \$5 a ton price
increase for sulphur in the light of
the administration's price stabili-
zation program. The reconsideration
caused of guard other sulphur com-
panies, who reportedly were get-
ting ready to follow Pan American's
lead.

NEW YORK — The tight situa-
tion in copper was disclosed to have
eased slightly of about 1,200 work-
ers this month by two large fabri-
cating plants. However both com-
panies, one in St. Louis and one in
New York, said they would recall
the workers this week.

ELGIN, Ill. — Elgin National
Watch Co. has used two of its di-
rectors, Henry Margolis, former El-
gin chairman, and Kenneth Sim-
mons, New York lawyer, for selling
large lots of Elgin watches to "mis-
sionary" Swiss interests. The suit
seeks to block the Swiss from voting
the stock.

MONTREAL — The Canadian Pa-
cific Railroad has withdrawn all
passenger service between Montreal
and Toronto, once its highest traf-
fic volume route. Passenger service
on the route is thus left entirely to
the rival Canadian National Rail-
way.

Veterans NEWS

Q — My neighbor, a disabled vet-
eran receiving monthly disability
payments, received an income ques-
tionnaire from VA. The questionnaire
would be stopped if he did not re-
port his annual income. I am re-
ceiving disability compensation pay-
ments, but have never received the
questionnaire. Should I file a re-
ply to income inquiry?

A — Your neighbor evidently re-
ceives monthly "pension" payments
for a non-service connected dis-
ability. You are receiving "com-
pensation" payments for a service-
connected disability which is not
affected by your other income. You
do not have to file a report.

Q — I receive a non-service connect-
ed disability pension from the VA
amounting to \$80 per month. If I
do so, my VA benefits will be cut
if I use any of my pension. Is it
worth it?

A — If you and your wife live
apart and you are contributing to
her support, your pension payment
will be frozen at the amount you
are able to pay and you do not con-
tribute to her support, you will be
considered a single person without
dependents—and your maximum
income could then not exceed \$160
per year. Your pension will
operate on your individual income.

Q — I am a veteran of World
War II with a 50 per cent service-
connected disability. I have four
minor children. I have never re-
ceived the VA check for fourth child
since I thought the VA would pay
nothing extra for children beyond
the first three. Now a friend of
mine has told me the VA will pay
additional compensation for any
number of children. Is this true?

A — Yes, but, this additional com-

WHEREAS, Max B. Hurt to be the
Fund Campaign Chairman for the
year of 1965 and to direct, sug-
gest and co-ordinate all activities
in connection with the raising of
funds for the various participating
agencies in the Murray-Calloway
County United Fund, and

WHEREAS, Max B. Hurt, ap-
pointed Mr. and Mrs. Ray Broach
of Coldwater, Calloway County,
Kentucky, Campaign Fund Co-
chairmen for the year of 1965,

WHEREAS, the Budget Com-
mittee and Board of Directors,
Officers of the Murray-Calloway
County United Fund approved each
year in the past, being a
total of \$25,000.00 as the 1965-66
quota for all participating agencies,
and

WHEREAS, Max B. Hurt, along
with his Co-chairmen, Mr. and
Mrs. Ray Broach, have provided
outstanding and able leadership in
the direction of the Fund Cam-
paign, having devoted their talents,
time and untiring efforts, all of
which resulted in a successful drive.

NOW, BE IT RESOLVED by the
Officers and Board of Directors of
the Murray-Calloway County United
Fund that Max B. Hurt, and his
Co-chairmen, Mr. and Mrs. Ray
Broach, be commended and con-
gratulated for their successful ef-
forts, and further be it resolved
that deepest gratitude and appre-
ciation be extended to Max B. Hurt
and his Co-chairmen, Mr. and Mrs.
Ray Broach, for their devotion,
dedication, integrity and capable
leadership and the untiring efforts
devoted to the successful Fund
Campaign recently brought to a
conclusion.

BE IT FURTHER RESOLVED
that a copy of this Resolution
signed by the President and attested
by the Secretary of the Mur-
ray-Calloway County United Fund
be presented to Max B. Hurt and
Mr. and Mrs. Ray Broach; that a
copy thereof be spread on the min-

COIN Collectors' Corner

CHURCHILL'S COMMEMORATIVE TIVE COIN ARRIVES

The new British coin honoring
Sir Winston Churchill has reached
the U. S. As might be expected, it
is proving a popular piece with
American coin collectors. Over-
sighters have been reported by
banks and coin dealers.

There is little doubt that this new
coin will prove as popular as our
own Kennedy half dollar with col-
lectors the world over. The United

States Mint has produced over 200
million Kennedy coins, yet it is rare
to get one in change.

Churchill Crown

The new Churchill coin is an of-
ficial British coin, legal tender
throughout the British Empire. The
coin is a "crown," a popular de-
nomination with many nations of the
world.

In Britain, a "crown" is equal to
two shillings. At the present rate of
exchange, this is approximately 70
cents in U. S. money. The coin can
be ordered through banks at face
value, but coin dealers are charg-
ing a small premium over face.

A British "First"

The Churchill crown is the first
British coin to honor a commoner
in 700 years. One exception would be
Cromwell, who issued half crowns
in 1656. Particularly interesting is
the fact that Sir Winston shares
honors with the Queen on the new
coin. He bust appears on the re-
verse of the coin, while the effigy
of Queen Elizabeth occupies the ob-
verse or face. All the Royal titles
and the date, 1962, required to make
the coin official, appear on the
Queen's side.

The Churchill portrait (see illu-
stration) is based on the design by
Oscar Nemon, which this sculptor
did in marble for Queen Elizabeth.
The original bust is at Windsor
Castle. Churchill is wearing his fam-
ed "siren suit."

Commemorative coins are almost
not quite as rare in Britain as they
are in the United States. When
Britain does a commemorative, it
has invariably chosen the "crown"
denomination. Last such coin issued
was the crown commemorating the
coronation of Queen Elizabeth in
1953.

The Churchill crown is approx-
imately the size of a U. S. silver dol-
lar. It is being produced in an al-
loyed metal. The coin is a hand-
some tribute to a great man and
coin collectors are grateful to him
for remembering him in this very
special way.

"HOW TO MAKE PROFITS
WITH DIMES" is the title of a
new, 16-page illustrated book-
let that lists premium prices on
U. S. dimes, tells how to find, buy

or sell valuable dimes, and how to
build a collection. For your copy,

Mrs. Max Carman Hostess For Meet Of Wesleyan Circle

Mrs. Max Carman opened her home on South Eleventh Street for the meeting of the Wesleyan Circle of the Woman's Society of Christian Service of the First Methodist Church held on Wednesday evening at seven-thirty o'clock.

The New Year and Home Rights was the title of the program presented by Mrs. N. B. Ellis. She gave an interesting discussion of the theme and also the devotional part of the program from the 2nd chapter of Psalms.

Mrs. John Long, circle chairman, presided at the meeting and opened with a special poem. Mrs. Harold Douglas, membership chairman, gave members names to be invited by the March meeting.

The secretary, Mrs. Milton Jones, read the minutes and the correspondence which included a letter from a shut in member, Mrs. L. A. Ferguson, who sent the circle five dollars to use for other shut in members.

Mrs. N. B. Ellis, treasurer, gave her report. The hat sale money will be presented to the Mawbo Jordan mission school in Mexico and to the Wesley Foundation.

Announcement was made of the church-wide book study on Acts to be held in February.

During the social hour refreshments were served to the members and one visitor, Mrs. Marjorie Vaughn. Mrs. Eugene Hurn was a hostess but was unable to attend as she is ill in a Mayfield hospital.

Miss Wyonna Gay Lee Married Recently To Dwight Herbert Brinn In Ceremony

Mr. and Mrs. Dwight Herbert Brinn

The sanctuary of the Spring Creek Baptist Church was the setting for the wedding of Miss Wyonna Gay Lee, daughter of Mr. and Mrs. Thomas Lee of Murray Route Two, to Dwight Herbert Brinn, son of Mr. and Mrs. Herbert J. Brinn of 809 Waltrap Drive, Murray.

Rev. John D. Hodges, pastor of the church, performed the impressive double ring ceremony at seven o'clock in the evening on Wednesday, December 22.

The ceremony was read before the beautifully decorated altar with a white wrought iron arch entered with a large white wedding veil. Baskets of chrysanthemums and gladioli were placed on either side of the arch flanked by the seven branched candelabras holding white tapers which were lit by Chad Turnbow and Danny Cunningham.

Palm fronds were also used to enhance the altar. The family pews were marked with white mums and white satin bows.

Mrs. Max Bailey, pianist, presented a program of musical music including "Sweet Hour of Prayer," "What A Friend," "Because," "Oh Promise Me," and "I Love You Truly." Mrs. Bailey also played the traditional wedding marches for the processional and the recessional.

The bride, given in marriage by her father, wore a floor length wedding gown of white satin and Quincey lace fashioned with a full skirt with a long train extending in the back. The dress featured a scalloped neckline with self covered buttons down the back

and on the lace sleeves which came to a point over the wrist. Her fingertip veil was attached to a cluster of white satin roses in her hair.

They jewelry included a white gold diamond watch, gift of the groom, and a tiny white gold necklace with special stones, as something borrowed from her cousin, Mrs. David Howell. She carried a bridal bouquet of white chrysanthemums centered with two white purple throated orchids with a tiny rhinestone heart.

Miss Diana Beane of Murray was the maid of honor for the bride. The bridesmaids were Mrs. Randal Collins of Benson and Mrs. David Howell of Murray, both cousins of the bride.

The attendants were seated in the front of the church with matching short sleeve bolero jackets. Their shoes were of the same matching shade. The bride's short face veil was attached to head dresses of red satin roses. They wore white gold necklaces, gifts of the bride, and carried white mums with sprays of red carnations and long white streamers attached.

Darwin Weatherford, cousin of the bride and close friend of the groom, served as best man. The ushers were Chad Turnbow of Paducah, cousin of the groom, and Danny Cunningham.

For her daughter's wedding, Mrs. Lee chose a lovely two piece blue double knit suit with black accessories and white elbow length gloves. Her carriage was of white ornaments with blue accents.

Dorothy Circle Has Meeting In Home Of Mrs. Castle Parker

The Dorothy Circle of the Woman's Missionary Society of the First Baptist Church met in the home of Mrs. Castle Parker on Story Avenue on Thursday morning at nine-thirty o'clock.

A very enlightening program on "Southern Baptist Missions Among the Indians of New Mexico" was presented by Mrs. Hugh Oakley.

Mrs. Ralph Tressener, Mrs. Hugh Nottfenger, Mrs. Sam Cook, Mrs. Frank Stealy, and Mrs. John Lovins.

The meeting closed with the responsive reading of "The Lord's Prayer" and "An Indian Paraphrase."

Preceding the meeting a coffee hour was held during which the members viewed with interest display of articles made by the Indians of New Mexico.

Mrs. Joseph Price, circle chairman, presided at the meeting.

Femmes Aim For Engineering

ROLLA, Mo. (UPI) — The University of Missouri at Rolla has noticed an increase in women students. The school last year was known as the Missouri School of Mines and Metallurgy.

The University, which specializes in engineering and science, has 100 women students of a total 4,288 students on the campus, largest number of women since the school's founding in 1870.

University officials attribute the feminine increase to the expansion of opportunities for women in the engineering and science fields.

Fifty of the women are enrolled in engineering and science, with 11 working toward advanced degrees.

MERCHANTMEN STUDY
WASHINGTON (UPI) — A study of the American Merchant Marine fleet, particularly its adequacy for use in Viet Nam, will be high on the agenda of the House Merchant Marine and Fisheries Committee.

Committee Chairman Rep. Edward Garmatz, D-Md., said Sunday the committee will make a general study of the adequacy and condition of the merchant reserve fleet.

THE FACTS ABOUT SENATE BILL NO. 3 relating to strip mining in Kentucky

Legislation has been introduced which would have a disastrous effect upon the strip mining industry in the Commonwealth of Kentucky. The passage of this legislation would place Kentucky's coal industry at a competitive disadvantage with other states.

Senate Bill No. 3 is based upon a law recently passed in Pennsylvania. The attempt to use mining conditions and reclamation in Pennsylvania as a basis for a reclamation law in Kentucky is not a practical approach. Conditions in Pennsylvania and Kentucky are not similar at all. In Pennsylvania in 1964, 510 mines produced 23,505,500 tons. In Kentucky, just 48 mines produced 25,175,200 tons, indicating the difference in size and scope of operation in the two states. The Pennsylvania mines are working much smaller areas with less material covering the coal and most of it soft, requiring a minimum of explosive costs. Kentucky mines operate on a much larger scale, with wider and deeper pits. The material covering the coal in most cases is much harder, involving the use of costly high explosives to prepare this material to be removed. These differences are so important that mining in Pennsylvania and in Kentucky cannot be viewed in the same light.

Compliance with Senate Bill No. 3 will be costly to a point that is positively prohibitive. Engineering studies show that the cost of reclamation work under Senate Bill No. 3 will be in the range of 60¢ to 90¢ per ton, depending on varying mining conditions in different locations. This is a cost of several thousand dollars per acre on surface land worth nearer \$50 per acre before mining and after reclamation.

Kentucky's strip mining industry positively cannot pay these costs and remain competitive. The drastic impact of a reclamation cost of 60¢ to 90¢ per ton is made clear by figures released by the U.S. Bureau of Mines. These figures show that the average sales price of Kentucky strip coal in 1964 was \$3.11 per ton, f.o.b. mine; compared to the average sales price in Pennsylvania of \$3.62 per ton, f.o.b. mine. A major reason for this higher realization in Pennsylvania is because approximately 75 percent of the state's production is consumed within the state. Conversely, only 20 percent of the coal produced in Kentucky is consumed in Kentucky. This means that 80 percent is sold to out-of-state markets in competition with other coal-producing states. Hence, transportation charges to other markets must be absorbed by Kentucky coal to remain competitive.

Kentucky coal cannot compete under the threatened excessive cost—cannot compete for the business of heavy industry, and of coal's largest user: the electric utility industry. Already atomic energy is taking utility business, and offers the serious threat of further major inroads into coal's utility markets. Even a small cost increase can turn the tide against coal produced in Kentucky; Senate Bill No. 3, as introduced, will definitely do so.

Let's keep Kentucky coal in business. Urge your Legislators to Vote against Senate Bill No. 3.

weight from one side to the other as she walks. Well once she has shifted her weight, it is quite like an irresistible force. Leading her down the gravel driveway, barefooted, and she plopped one big front hoof down on our bare foot. We knew what was coming and hollered and pushed on her but it did not make any difference. We did not get the message across.

We just had to holler and yell until the cycle of the weight moving was complete and started back the other way. We picked gravel from our foot for a week.
